CAPITAL SHIPS' VALUE IS LESS.

Disarmament Movement is Up in the Senate.

Present Navy Program Old, Says Borah.

Submarines and Aircraft Are Now Supreme.

(BY A. P. NIGHT WIRE)

WASHINGTON, Jan. 27.—Bipartisan support for the naval disarmament movement was given in the Senate today during discussion of Senator Borah's disarmament resolutions. His plan for an official determination of the future value of big ships in the American naval program was endorsed by Senators McLean, of Virginia, and by Senator of Utah, Democrat, while Senator Borah spoke in behalf of his project.

The disarmament discussion was interlocked into the tariff debate. The House of Representatives postponed indefinitely the hearing of Gen. Pershing on dismemberment scheduled for tomorrow, because of the illness of Chairman Butler.

Senators Borah declared that if the people of the United States, Great Britain and Japan could voice their opinions, he felt confident they would speak for an agreement to reduce naval armaments.

"There are two ways to reduce disarmament," he declared. "One is to oppose it conscientiously. Another is to support others in public life who are willing to give lip service to disarmament, but conjure up all conceivable methods to secure delay."

He said his other resolution on the Senate Naval Committee for an opinion as to whether the American naval building program could be reduced for six months until the value of capital ships had been determined, was designed to develop "as definitely as can be known what will bring us an efficient Navy."

OPINIONS HELD BACK.

Many high naval officers, he said, believe that capital ships have lost

ACTION LIKE SLAP IN FACE.

(Continued from First Page.)

their value, because of the development of submarine and aerial warfare, but were unable to state their real opinion.

Senator King also urged an exhaustive investigation to determine what use would make a modern war. He stated that the present building program was adopted five years ago, before the United States entered the war, and that armament.

TANGLE DEVELOPS.

The House voted down tonight a proposal to pave the way for appointment of an Ambassador to Russia and driving Russia continually toward the sea, to increase the commercial and political interests in the Baltic, to make Russia weaker than she is, to bring the Bolsheviks into a color or right would be given to Japan to promote the severance of all political ties between Eastern Siberia and Western Russia by participating in the creation of an independent Siberian state.

While even the Japanese government is understood to doubt the feasibility of following such a policy, it is making a course desirable.

After brief debate the House rejected an amendment by Representative Mason, Republican, Illinois, to set aside \$17,500,000 as the amount of the American naval program as President might be prepared to establish diplomatic relations with Russia should conditions so develop.

Mr. McLean declared that the information from unprivileged sources indicated that the Bolsheviks had done more for the people than ever were done before.

Attack on the provision for a minister to the county of the Serbs, Greeks and Slovanes was made on the ground that there was no authority of law for such a representative.

A point of order moved against a proposal for appointment of ministers to Finland and Turkey.

A proposal for minister to Czechoslovakia and to the Soviet Union, and to set salaries of \$12,000, was stricken out on a point of order.

Fifty-five minutes of the Democratic time for debate was taken by Representative Venahue, Mississippi, in a tribute to President Wilson, and the balance was devoted to the discussion of unrelated subjects.

CIGARETTE BILL BEATEN.

(BY A. P. NIGHT WIRE)

TOPEKA, Jan. 27.—A bill legalizing the sale of cigarettes in Kansas was defeated by House committee of the Legislature here last night after a prolonged debate.

Many high naval officers, he said, believe that capital ships have lost

their value, because of the development of submarine and aerial warfare, but were unable to state their real opinion.

Senator King also urged an exhaustive investigation to determine what use would make a modern war. He stated that the present building program was adopted five years ago, before the United States entered the war, and that armament.

WANT PUBLIC TO KNOW TAX FACTS

**Public Utility Corporations
Plan Campaign.**

**Verdict of People Sought by
Both Sides.**

**Governor and Aides Have
Fight on Hands.**

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, Jan. 27. The race between the Governor's office and the public utility corporations for public favor in the higher corporation tax fight is about to begin.

The Governor and his staff of trained lieutenants are ready for the start's whistle and today the opposition, which has been concentrated at the Palace Hotel attended by more than 100 public utility executives and lawyers, bankers and heads of other large corporations directly affected by the proposed tax increases. Both sides are now ready and the contest will begin any day.

Herbert W. Clark, counsel for the Negro, was elected president of the utility corporation committee, and W. V. Hill of Los Angeles, manager of the California Electric Railway Association, was named vice-president. The office has been opened at 1504 Humboldt Bank Building from where the campaign will be directed.

NOTICES SENT OUT.

Telegraphic notice of the formation of the campaign committee was sent by wire to all the corporations affected, in an effort to draw all of them into the organization.

A speakers' bureau, a public address and all other adjuncts of a regularly organized political campaign headquarters are to be organized at once, to see that the message of the utility companies gets over.

What both sides want is the ver-

dict of the people. Both seem to realize that even though they win in the Legislature when the fight comes up, the people seem to be next month. It will be a costly victory without the approbation of the general public, so that it is to the people the efforts of both sides are given.

Seattle, Portland, San Francisco, Los Angeles, San Diego, San Jose, and the inland, has been appointed general agent on Puget Sound for the company.

PROBE FOUR QUESTIONS.

The importance of the fight from

"Lucky Thirteen" (By A. P. NIGHT WIRE)

the corporation standpoint is not

alone the \$2,000,000 a year in new

taxes the King bill proposes to

absorb, but that the confidence of

large investors in the railroads of

California toward invested capital

will be shaken."

Secretary Hill said the campaign

committee proposed to probe four

questions during the early in-

stitutional recess of the Legislature

and place the facts before the people.

He outlined these as follows:

What are the State's actual rev-

enues?

What are the present revenues of

the State from the present tax rates?

The proportion of taxes paid by

private service corporations and the

general public, a question that has

developed marked differences be-

tween tax experts.

How may additional revenue be

raised?

In the meantime the public is

asked to reserve its opinion in the

tax fight and the flat statement made

by the Governor is to be avoided.

What is the golden rule?

the management. The concern will

Scenery—Climate—Sports
A TRIP from California through the
Pacific Northwest, Oregon, Washington
and British Columbia, is one continual pleasure.
Some of the wonderful things of Nature—
meadows, rolling pastures, snow-capped
mountain ranges and peaks, blossoming
chalets, rugged sea coast and evergreen forests,
enchanting lakes, turbulent streams, mighty
rivers and leaping cascades.

The climate is the most equable on the continent. The Pacific Northwest, in natural resources, is the richest section of this country.
Perhaps you will find business opportunities
to make the trip a profitable investment.

Write for free illustrated booklet to:

medium, medium and average figures. A
variety of styles in sizes 20 to 36.

Second Floor, South Building—Jacoby's

We've Just Received
"Phoenix" Silk Stockings
to Sell at Lowered Prices!

—And the mere announcement that we have
a supply of this much-liked brand is all that
is necessary to sell them out very promptly!—
—Indeed so many women ask for them, in
our Hosiery Department, that we always feel
that we are announcing particularly good
news when we have a new supply of
"Phoenix" to advertise.

"Phoenix" Silk
Stockings Reduced to... \$1.10

—Semifashioned thread silk stockings
come in black, white and brown. They have
lisle tops and reinforced toes and heels. Sizes
8 1/2 to 10.

"Phoenix" Silk
Stockings Reduced to... \$1.95

—Full fashioned stockings of exceptional
quality, pure thread silk, that have lisle tops
and reinforced toes and heels. In black, white
and brown.

Nightgowns at

—Gowns that are decidedly unusual values and
there are half a dozen pretty styles to choose from—
—Some have V-neck, others are square neck style,
all lace trimmed.

Second Floor, North Building—Jacoby's

Small Lots of
BLANKETS, BEDSPREADS
and COMFORTS at HALF.

—King Cotton has gathered all blankets, comforts
and bedspreads that have become soiled from
handling and display into special lots at just half
their former price.

—Small lots, remember, so you'd better come early.

A Small Lot of
CURTAINS at

—Just a limited number of odd curtains left from
King Cotton's special sale.

Second Floor, South Building—Jacoby's

—They are made of heavy pink or blue striped flannelette
and there are several styles in the lot.

—Made with double yoke, collarless, long sleeves and
trimmed with braid or fancy hemstitching. Sizes to 14.

—Another special purchase that makes King Cotton
proud!

JAP ALLIANCE IS STILL IN MUDDLE

British Business Interests
Pressing Their Views.

Not Satisfied with Nippon In-
fluence in Far East.

News of Agreement Reached
Heavily Discounted.

(BY CABLE—EXCLUSIVE DISPATCH)
LONDON, Jan. 27.—British business
interests, which are not all satisfied with the influence in the Far
East enjoyed by the Japanese, continue
to press their views on the government.
As a result of this continuous agitation the whole question
of the renewal of the Anglo-Japanese
alliance when it expires this spring is still far from settled.

The reports that the British and
Japanese governments have reached
an agreement regarding their re-
spective spheres of influence in China
are heavily discounted here. On the
contrary, London bank representa-
tives say that the time is ripe for
a complete readjustment of interna-
tional relations in the Orient.

OPTIMISTIC VIEW.

Sir Charles Addis, chairman of the
Shanghai Bank and the chief representa-
tive in London of the British
group in the negotiations for a
Chinese consortium, takes an opti-
mistic view of the development of the
consortium, which was promoted at
the Paris Peace Conference two years ago by Thomas W.
Lamont of New York.

The situation is slightly strained
at present. Although the British and
American groups are apparently in
complete accord, the Chinese continue
to hold out. In discussing the
situation, Sir Charles said:

"The consortium is progressing
successfully with the complete unity
of all parties. The original plan is
being carried out. It is only a
matter of time before a Chinese
proposal to lend money if China wants it. There is
complete co-operation on all sides."

REPORT.

The report that England plans to
cede the Shantung province to Japan
in exchange for Japanese protection of
British interests in the Pacific is groundless.

China has had misgivings, but now
is beginning to take a more liberal
view of the consortium. The British
insist that the consortium is
not attempting to force China to
take loans, but merely offers funds
for the development of the country
if the Peking government wants to
use them. The American and German
troubles in China are pointed to as
responsible for the present inactivity
of the consortium, although the con-
sortium is said to be bursting with
energy.

LEGISLATION MAY END
MEXICAN OIL TROUBLE.

FIXED RATE ON PRODUCTION
LIKELY TO BE SET BY
CONGRESSMAN.

(BY A. P. DAY WIRE)
MEXICO CITY, Jan. 27.—Proposed
legislation which would establish
a fixed rate of taxation on the
quantity of petroleum produced by
development companies in Mexico
was discussed here today by rep-
resentatives of sixteen oil companies
and Adolfo de la Huerta, Secretary
of the Treasury.

This legislation has been incor-
porated in a bill which will be con-
sidered by Congress in extra-
ordinary session next month and is de-
signed as a step to avert many difficulties
relative to taxes which have been constantly arising between
petroleum companies and the govern-
ment.

Several oil men who have arrived
here stated yesterday that the
project had not been amply consid-
ered in the committee and that the con-
ference would probably lay only the
groundwork for future meetings at
which attempts would be made to
reach a complete settlement.

RAILWAY EXECUTIVES
TO TALK WAGE CUT.

HEADS OF SYSTEMS ON WAY TO
CHICAGO FOR IMPORTANT
CONFERENCE.

(BY A. P. DAY WIRE)
CHICAGO, Jan. 27.—Members of
the labor committee of the American
Association of Railway Executives to-
day are on their way to Chicago for
a meeting Friday to discuss the possi-
bility of wage reductions for em-
ployees on the leading railroad sys-
tems of the country. W. W. Atter-
bury, president of the New York Central,
and E. Loomis of the Lehigh Valley
and M. L. Bell of the Chicago, Rock
Island and Pacific are among those
expected to attend.

The railroad executives, it is said,
are ready to submit to the Federal
Railway Wage Board their figures to
show that the roads are not earning
as much as they are paying under the
Transportation Act; that rates are as high
as the business can be expected to
bear; that forces have been cut to
the minimum with safe
operations; and that a reduction in
wages is the only remaining place
for a reduction in expenses.

BOLD YEGGMEN FAIL
TO ACCOMPLISH DEED.

ATTEMPT TO BLOW UP
JAILING MAN WHO WAS IN
WAY; FRIGHTENED OFF.

(BY A. P. DAY WIRE)
WASHOUGAL (Wash.), Jan. 27.—
Five men worked hard last night
without remuneration in an attempt
to rob the Clarke County Bank here.
They blew off the timeclock dial of
the safe, but were frightened away
before they could force the inner door.
To aid their escape, they attempted
to steal a delivery truck, but the
owners, Leonard and Lloyd Green,
clashed with the robbers and
frightened them off.

Before going to the bank the
robbers broke open the jail
and placed in a cell a man they
apparently thought might hinder
them.

SWINDLERS GOT WRONG VICTIM.

Texan Proves Nemesis to Trio
Who Took Cash.

Takes Up Trail and Lands All
Behind Bars.

One Ends Life to Escape Term
in Prison.

HALF CENTER (Tex.) Jan. 27.—When a trio of clever confidence men picked out Frank Norfleet, a wealthy ranchman of this locality, as an easy mark about a year ago and fleeced him out of \$45,000 in an oil stock swindle, they failed to reckon that he would prove a most relentless Nemesis. Norfleet felt the humiliation of being victimized by an old and somewhat crude game, but he has had his revenge, in part at least.

When he found that he had been "played for a sucker," he quietly told his friends that he would avenge the nemesis on his life and his fortune, if necessary. In running down the men who swindled him, he placed his extensive property interests in his oil interests and turned out on the trail. In his search for the men he traveled two or three times across the continent.

He obtained his first results in California, where he tracked down the swindlers, finally obtaining their extradition to Texas. The other day he captured the third of the trio, in the person of Joe Puray, in Jacksonville. Puray is also known to the police of the country as J. B. Stetson.

FEELINGS HARDENED.

Norfleet had whatever tender feelings he may have had toward the swindlers hardened by his encounter with them in a Fort Worth hotel, a few hours after they had turned the trick and obtained possession of the \$45,000. He was originally interested in making alleged investments in oil stocks, by a chance meeting which he had with one of the men in the lobby of the hotel at which the meeting led to an introduction to the other two men in the scheme.

Events moved rapidly from then on. Norfleet delivered \$45,000 cash into the hands of the men, only to have it disappear.

He trailed them to Fort Worth, where he cornered them in a room at a hotel and at the point a pistol demanded his money back.

He knelt on their knees and pleaded for their lives, and told them they were not trying to swindle him. He let them go, with the understanding that Norfleet would not come to the end of the trail of two of them in California a few weeks later.

He had them arrested. They gave their names as Fred Gandy and E. J. Ward. They were returned to Fort Worth, and given the maximum penalty of ten years for robbing a German in the County Jail awaiting the outcome of his appeal to the higher court. Ward made an appeal bond and was transferred to Washington, D. C. to answer charges of mail theft. While in the Washington jail, fearing the outcome of his trial, he killed himself by cutting his throat.

NOW IS IN JAIL.

Fury has just been brought to Fort Worth by Gandy and placed in jail to await trial. He is held by the police to be wanted in two similar swindling cases in Florida and one in Washington. It is stated that the two men made an enormous amount of money.

When Norfleet cornered the men in a hotel room at Fort Worth it was first thought he would kill all three, but the pistol was held for their lives and assured him that they were honest that he let them go. In describing this meeting he said:

"One of them walked to the elevator. I went after him. I forced him to return to the room. With both of them there I drew my pistol and pointed it at each of them. I grabbed the Bible off of the dresser. He held it over his heart, raised his right hand, dropped to his knees and said, 'swear by my mother's grave that you are trying to trick me. Don't kill me.'

Their appeal renewed my confidence in them. I let them go, thinking my money was an investment. I went to the hotel in Dallas the next day at 10 o'clock. I was at the appointed place. They were not there."

Temblor Shakes Villages.

BY A. P. NIGHT WIRE
GLENS FALLS (N. Y.) Jan. 27.—For the third time in less than two weeks, the village of Glens Falls, which is known to have been an earthquake center, Large cracks appeared in the ground at several places.

MAY RECOMMEND PARDON FOR DEBS.

BY A. P. NIGHT WIRE
WASHINGTON, Jan. 27.—Recommendations of the Department of Justice as to a pardon for Eugene V. Debs probably will be submitted to President Wilson within the next few days. President Wilson has said, however, that he will not pardon Debs, as he believed such an action might lower the morale of the people in the event of another war.

Bachelors Tax Bill Killed.

BY A. P. NIGHT WIRE
TOPES (Kan.) Jan. 27.—The bachelors tax bill providing a levy of \$10 each on all unmarried men in the State, was killed by a Senate committee of the Legislature this evening.

To Dump Beer in Sewer.

BY A. P. NIGHT WIRE
OLEAN (N. Y.) Jan. 27.—Four hundred barrels of 4 per cent beer will be dumped in the sewers tomorrow by the official brewer and taken over the fluid from the Olean Brewing Company.

Seek Coal for Exposition.

BY A. P. NIGHT WIRE
PHILADELPHIA, Jan. 27.—Mayor Moore today asked the Council to appropriate \$50,000 to defray expenses for the exposition to be held here in 1926 to celebrate the 150th anniversary of American Independence.

ELECTROUTE MEXICANS.

BY A. P. NIGHT WIRE
OSCAR (N. Y.) Jan. 27.—Augustin L. Sanchez and Hanno Garcia, Mexicans, convicted of murder, were put to death tonight in the electric chair in Sing Sing prison after an eleven-hour attempt to gain a reprieve from Gov. Miller had failed.

Former British Colonel Loses Fight in Court.

BY A. P. NIGHT WIRE
NEW ORLEANS, Jan. 27.—Charles Glenn Collins of London, a former Lieutenant-colonel in the British army, lost his fight in Federal court today to prevent his extradition to answer charges in bombing and robbing defrauded merchants out of parts of a necklace and an expensive pearl necklace. The court decided none of the arguments against extradition were valid.

Counsel for Collins announced that the case would be taken to the Supreme Court. Collins is at liberty under \$16,000 bonds.

ALARM VOICED BY INK MANUFACTURERS.

BY A. P. NIGHT WIRE
NEW YORK, Jan. 27.—Ink manufacturers, alarmed at the prohibition of the use of natural gas of Wyoming for the production of hydrocarbons, as an important ingredient of black ink, declared tonight utilization of vast quantities of natural gas going to waste in Mexico was impractical at present because of conditions there.

Curtailed use of hydrocarbons, black manufacture, the manufacturers said, would menace the entire publishing business by necessitating use of more expensive colored inks.

POTATO KING NAMED BY JAP ASSOCIATION.

BY A. P. NIGHT WIRE
SAN FRANCISCO, Jan. 27.—George Shima, known as the "potato king," today was elected one of the fifteen new directors of the Japanese Association of America, which advanced its membership to 1,000 after passing a budget of \$15,000 for the coming year, according to K. Kanazaki, secretary.

A resolution was passed to consider extending aid to the old men's home of the Salvation Army, Kanazaki said.

WOULD PERMIT STATE TO ENTER BUSINESS.

BY A. P. NIGHT WIRE
MADISON (Wis.) Jan. 27.—A joint resolution providing for a constitutional amendment to permit the State to engage in internal improvements was introduced in the Wisconsin Senate today. This measure is regarded as of paramount importance by Socialist and partisan members because it would permit the State to operate its own storage warehouses and engage in other industry.

DROUGHT DOES AWAY HOUSE COMMITTEE.

BY A. P. NIGHT WIRE
WASHINGTON, Jan. 27.—Put out of business by prohibition, the House Alcoholic Beverage Taxologic Committee, which always met for the last year, is preparing to fade away. Members are ready to ask for their release, agreeing with Chairman Collier that the Volstead Enforcement Act has teeth enough to handle any liquor problem.

EXECUTIVE REWARDS FOR NIGHT RIDERS.

BY A. P. NIGHT WIRE
FRANKFORT (Ky.) Jan. 27.—Gov. Moon today offered rewards of \$500 for the arrest and conviction of each person participating in night riding in Fleming and Bath counties, requested the courts to make grand jury investigations of reports that bands of armed men indiscriminately forced drivers off the highway and instructed the State Adjutant-General to have four troops of cavalry ready for action.

CHURCH TAKES STAND AGAINST "BLUE LAWS."

BY A. P. NIGHT WIRE
MILWAUKEE, Jan. 27.—The Right Rev. W. Webb, bishop of the Episcopal church in the Milwaukee diocese, was instructed by a vote of the diocesan council today to issue a pastoral letter setting forth the church's stand on the Sunday blue law agitation.

The action followed discussion over a resolution "opposing all legislation tending to force people into church and commanding all Sunday blue law agitation."

SUNDAY TIMES
widely to be the Biggest New
in the WORLD.

A pepper drive in Palisades Tract.

One of many novel and beautiful homes in and
around the Palisades.

Announcement

We believe the time is here when the Santa Monica district should be made known in the world. It is destined to be a nationally famous spot—a place in which New York, Boston and Chicago people will be as keenly interested as are the residents of Los Angeles.

In its plateaus, mountains and canyons, its palisades and the sea, its ideal climate both summer and winter, nature has given it almost everything one could wish for. The best residential development of Los Angeles will continue to follow Wilshire Boulevard westward, while the most ideal homes and playgrounds will be built from the Palisades eastward along San Vicente Boulevard and northward across Santa Monica Canyon into the mountains.

Santa Monica and its coast are unspoiled. There are no shipyards, fishing villages or industrial plants to interfere with its development as an ideal place for homes and playgrounds. Its beach is not ruined by buildings, and its views from the Palisades and highlands can never be shut off.

The beautiful Palisades subdivision starts at Fourteenth street, on the divide, and slopes toward the ocean. Going out Wilshire Boulevard, turn to the right, as you leave Soldier's Home, into San Vicente Boulevard—the scenic drive. When you reach Fourteenth street turn to your left one block up the hill. Pause here and survey the ocean and coast line from Point Vicente to Point Dume, Catalina, the mountains, canyons, plateaus and the country eastward to Los Angeles and the mountains beyond. Think what a wonderful place this is to have your home. Then drive down Georgina avenue—parallel with San Vicente boulevard—through the subdivision to Ocean avenue on the Palisades by the sea.

Feeling that this is one of the ideal places of the world in which to have a home, we have undertaken to bring it to the attention of people who desire such a place. Water, gas, electricity, sewers and street improvements are all in and paid for. Take particular notice of the excellent paving and of the wide parking set with pines, peppers, palms and other trees.

The average price of lots is about \$1450—some less, some more. Either attractive bungalow or stately mansion is in keeping with the surroundings. Considering the improvements, the prices would be low in much less favored places. The smallest lots are 50x150—many are larger.

We believe in development—the building of homes—not in speculation, therefore we offer an advantage to those who will build within a certain time. We make convenient terms, discount for cash and discount for building.

Some of our work during the last year is indicated by the pictures and lines on the other half of this page. With this record of accomplishment as our credentials we now present to you the Palisades and invite you to come with us to this ideal spot and build a home. To old friends and new, both builders and individuals, who wish to be where everything is right, where success is established, and where profits are certain, we send this announcement and the invitation to come to the office and talk it over.

Frank H. Ayres

214 New Pantages Theater Building, Seventh and Hill Streets
Telephone 151-28
Los Angeles
Exclusive Agent Palisades Seventh to Fourteenth Streets

Follow the Arrows on the Map

Canadians attending the picnic at Ocean Park tomorrow are invited to inspect the Palisades.

NOTE: Frank Ayres has been in Los Angeles sixteen years, engaged in the development of residential subdivisions. He was formerly of Toledo, Ohio. No exaggerated or misleading statements will intentionally be made nor any transaction known or permitted that is not entirely right from every side. Forced methods are discredited. Our ways of doing business may be learned of the Trust Department of the Los Angeles Trust and Savings Bank. Other references are the Citizens National Bank of Los Angeles, the Bank of Santa Monica and any person with whom we have had business. Frank Ayres is a member of the governing board of the Los Angeles Realty Board.

H. Gordon Badger, who has handled some of the finest subdivisions in the United States and who has a wide acquaintance in Los Angeles, will have charge of the salesmen for the Palisades. S. H. Creager will be in charge of advertising.

To Santa Monica we would say: We believe the best way to accomplish the building up of our Palisades subdivision is to work for the good of the whole Santa Monica district in every right and possible way. Santa Monica's future as a playground for the world, a place of ideal homes and magnificent estates, a shrine of the fine arts, is as great as our common vision and joint effort will make it.

SUNDAY TIMES
widely to be the Biggest New
in the WORLD.

A pepper drive in Palisades Tract.

One of many novel and beautiful homes in and
around the Palisades.

These two pictures were taken in Schmidt Heights, where over \$1,000,000 worth of building was done last year. Located Third to Fifth on New Hampshire, Berendo and Catalina Streets. Exclusively for flats, apartments and duplexes. A splendid development in one of the best spots in Wilshire. Look it over. Frank H. Ayres, exclusive agent.

This picture was taken in Beaty Place, Hollywood, La Brea Avenue and Sunset Boulevard, where a quarter of a million dollars worth of flats, apartments and bungalows were built last year. Frank H. Ayres, exclusive agent.

This picture was taken in McNair Place, where 457 lots were sold and \$700,000 worth of building was done last year. Located West Hollywood, Crescent Boulevard to Gardner Avenue. Frank H. Ayres, exclusive agent.

This picture was taken in Crescent Place, West Hollywood—Laurel Avenue, Donald Avenue and Crescent Heights Boulevard, south of Santa Monica Boulevard. Four houses started, more to start. Street improvements in last stages of completion. Tract being opened to the public. Tract office Santa Monica Boulevard and Crescent Heights Boulevard. This is especially desirable. Frank H. Ayres, exclusive agent.

This picture is taken at the entrance to Mabery Heights. New buildings going up. A few lots left for sale. Very close to town on Sunset Boulevard. Commanding elevation. Lends itself to varied types of home construction. Frank H. Ayres, exclusive agent.

This picture was taken in Thirty-eighth Street Place. A place for moderate-priced homes. Located at Thirty-eighth, west of Western. A place where modest means may stop the drain of rent. Frank H. Ayres, exclusive agent.

NIPPON CENSUS IS ANNOUNCED.

Population of Japanese Empire is 77,005,510.

Tokio, with 2,173,162 Persons, is Largest City.

There Are Also 124,850 More Males Than Females.

BY CAREY AND ASSOCIATED PRESS
TOKIO, Jan. 27.—The first census ever taken in Japan by modern methods showed that the population of the Japanese Empire numbers 77,005,510, while in Japan proper, exclusive of Korea, Formosa and Saghalien, there are 55,941,140 inhabitants. These figures are announced by the Census Bureau (called in Japanese, official language of the Bureau of National Population Investigation.)

The actual figures prove that the annual estimates which have been annual estimates which have been made in Japan for more than 30 years are correct.

"Japan has grave responsibilities in maintaining peace, the task of which is now greater than ever," declared "and must complete and amplify her national defense. The 'naval holiday' idea held in the United States and elsewhere is not good, as it gives the lives which guarantee future peace, upon upturning of growing armament expenditures. It is questionable, therefore, whether M. Ogasawara's proposition is feasible at present."

WOULD SETTLE LAKE TAHOE CONTROVERSY.

NEVADA LAWMAKERS TO CONFER WITH CALIFORNIANS OVER DISPUTE.

BY A. P. NIGHT WIRE
CARSON CITY (Nev.) Jan. 27.—Senators Kent, Harrington and Dressler and Assemblers Vennell, Mathews and Whittaker were appointed yesterday as representatives of the Nevada Legislature to confer with California State officials and leaders over the Lake Tahoe controversy.

This involves the proposal of Nevada irrigation interests to draw water from the lake which, if as asserted, would lower the level of the lake only a few inches. California opponents held that the lake would be lowered much farther to the detriment of its natural beauty.

JURY RECOMMENDS THE ROPE FOR MURDERER.

BY A. P. NIGHT WIRE
SEATTLE, Jan. 27.—John Schmitt, alleged bandit, was found guilty of murder in the first degree by a recommendation for hanging by the Superior Court here today on the charge of killing Police Detective James O'Brien in a pistol fight last Friday. The trial concluded four weeks ago, but fifty-four minutes after hearing the verdict the defendant smiled, and said:

"Let's go." Schmitt pleaded guilty to the charge of first-degree murder.

He was arrested last Friday after killing Patrolmen W. T. Angle and Detective James Nell McMillan and Detective James O'Brien in a gun battle, arranged Monday, when he pleaded guilty and his trial set for today.

Two of the four women jurors were weeping when the jury filed into the courtroom to submit its verdict.

WHEAT STOCKS ON HAND SHOW LOSS.

BY A. P. NIGHT WIRE
WASHINGTON, Jan. 27.—Wheat stocks on hand in the United States Jan. 1, 1920, totaled 220,000,000 bushels, according to a statement made public today by the Department of Agriculture. This figure compared with 110,000,000 bushels on hand a year ago.

The following table shows the wheat stocks on hand this year was 40 per cent of the total amount of wheat available July 1, 1920. Conducting the annual carry-over of about 70,000,000 bushels there was made a small increase and domestic consumption during the six months from January 1 to July 1, 1921, about 250,000,000 bushels, the announcement said.

Where will you find another food that comes to you ready-cooked with such flavor, economy and health building satisfaction as

Grape-Nuts

This combination of wheat and malted barley is a firm favorite with families that have used it for years and know its food value for both children and grown-ups.

JAPANESE OPPOSITION PARTY PLAYING SAFE.

DISARMAMENT RESOLUTION IS FROWNED UPON BY DIET MEMBERS.

BY CAREY AND ASSOCIATED PRESS

TOKIO, Jan. 27.—A majority of the opposition party is opposed to a resolution of Y. Ozaki, a member, that a resolution be introduced in the Diet calling upon Japan to abandon the policy of armaments, relative to restriction of armaments, said the conservative organ *Yoji Shimpou*, because they regard it as idealistic and impractical. The opposition party, in the opinion of this newspaper, renders assurance of permanent peace difficult, it being pointed out that America's refusal to join the League of Nations makes this fact quite evident.

"Japan has grave responsibilities in maintaining peace, the task of which is now greater than ever," declared "and must complete and amplify her national defense. The 'naval holiday' idea held in the United States and elsewhere is not good, as it gives the lives which guarantee future peace, upon upturning of growing armament expenditures. It is questionable, therefore, whether M. Ogasawara's proposition is feasible at present."

Higher Rates Fail to Earn Expected Revenue.

Public Pays for Expenses of Inefficiency.

BY A. P. NIGHT WIRE

CHICAGO, Jan. 27.—General wage reductions on the larger railroads will be considered tomorrow by the labor committee of the American Association of Railway Executives.

In an effort to solve what railroad officials say is a precarious transportation situation, the meeting will make definite recommendations to the association with a view to bringing the matter before the railroad labor board.

Tomorrow's meeting will be held in the board room, and it is predicted by railroad officers that the committee's recommendations would be for some sort of reduction in wages.

The meeting is held in accordance with a resolution adopted by the association January 7. The resolution brings to the attention of all members of the association the need to observe all rates of speed and working conditions as established by the Railroad Labor Board until the same are changed by "orderly process."

EXPECT EARLY REPORT.

The subject was referred to the labor committee for early consideration and report. Members of this committee include W. R. Scott, president of the Southern Pacific lines in Texas and Louisiana.

Failure of increased rates to earn the expected revenue, decrease in business and the present large pay roll are given as reasons for probable action before the Railroad Labor Board to cut wages.

Official railroads are in bad financial condition," declared Samuel O. Dunn, advisory counsel to the Association of Railroad Executives. "This is due to a decline in business and failure of railroads to earn the revenue expected. Railroads during September, October and November, when they did their heaviest business failed to earn the large net returns expected."

DECLINE IN BUSINESS.

"The roads have made reductions in their forces, made necessary by the decline in business. They are operating as economically as possible, but there is no way but except to reduce the pay roll." The 1917 pay roll of \$1,200,000,000 is today increased to \$2,700,000,000 and the railroads are in bad financial condition. There has been a decline in business until the freight movement is less than two-thirds of what it was three months ago.

Denouncing the national agreements between the railroads and their employees as restrictive, produced by propaganda and unwise influence, the railroads made formal request today before the Railroad Labor Board for negotiation of the existing agreements.

E. T. White, chairman of the railroad committee before the board, declared the public "pays in freight and passenger rates all the expense incurred by the railroads" due to such inefficiency.

COTTON EXPORT TAKES THE PREMIER PLACE.

BY A. P. NIGHT WIRE

WASHINGTON, Jan. 27.—Cotton exports last year exceeded those of any other commodity, according to a report of foreign trade made public today by the Department of Commerce.

Shipments were valued at \$1,185,408,916, as compared with \$1,187,371,252 the year before.

Exports of breadstuffs were valued at \$1,185,408,916, as compared with \$220,301,972 in 1919. Cotton oil exports totaled \$34,874,790, a decrease from the 1919 total of \$40,890,268. Mineral oils were valued at \$549,341,340, as compared with \$442,673,420 the year before, and mineral oil products were shipped from \$1,160,643,186 in 1919 to \$644,074,050 in 1920.

In December, cotton exports were valued at \$92,885,592, compared with \$180,121,212 the year before. Exports of breadstuffs during the month were valued at \$56,237,602, while the same month a year ago they were \$55,775,989. Meat and dairy products were valued as follows: beef amounted to \$55,286,137, as compared with \$62,231,397, and mineral oil exports rose from \$32,227,058 in December, 1919, to \$32,447,747 last month.

ASKS INVESTIGATION OF OHIO CONGRESSMAN

BY A. P. NIGHT WIRE

WASHINGTON, Jan. 27.—Champ Clark, former Speaker and now House Democratic leader, today demanded an investigation of the alleged activities of Representative Simon D. Fess of Ohio in financing Republican contests of Democratic candidates returned elected to the Congress.

Mr. Fess, who is chairman of the Republican Congressional Committee, announced recently that J. J. Campbell, defeated Republican candidate in the Eighth North Carolina District, in his proposed contest of the election of Robert L. Doughton, Democrat, who holds the certificate of election.

Mr. Fess, who is chairman of the Republican Congressional Committee, announced recently that J. J. Campbell, defeated Republican candidate in the Eighth North Carolina District, in his proposed contest of the election of Robert L. Doughton, Democrat, who holds the certificate of election.

Worth Considering.

The question is not so much how you contract a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds in their beginning, you will see the basis of Chamberlain's Cough Medicine without delay and use it faithfully. There are many families who have used this preparation successfully for years and had it in high esteem. It is excellent. [Advertisement.]

RAILROADS ASK CUT IN WAGES.

SEEK SOLUTION OF PRECARIOUS SITUATION.

BY A. P. NIGHT WIRE

TOKIO, Jan. 27.—A majority of the opposition party is opposed to a resolution of Y. Ozaki, a member, that a resolution be introduced in the Diet calling upon Japan to abandon the policy of armaments, relative to restriction of armaments, said the conservative organ *Yoji Shimpou*, because they regard it as idealistic and impractical.

NEW ARMORY
IS DEDICATED.

Flagstaff Takes Holiday as Ceremony is On.

State is Looking Up Large in Military Way.

Agricultural Figures Are Now Being Checked.

(EXCLUSIVE DISPATCH) PHOENIX (Ariz.) Jan. 27.—The new armory at Flagstaff has had formal dedication by Adj.-Gen. Walter G. Ingalls. The occasion was made a holiday, the city schools closing and much of the population gathering for the afternoon ceremonies. Thus Battery A is provided with a handsome building with drill hall space 200x15 ft. et. Five French seventy-five guns have been received and the battery already is rated efficient in gun and foot drill. Horses may not be received till spring.

A second battery has been organized at Mesa, with Don H. Berry as captain and J. F. Pomeroy and Ivan Pomeroy as lieutenants. The officers and many of the enlisted men have been received. Fifty men already have signed.

The two Phoenix troops of cavalry, under the new scheme of organization, have been transformed into infantry. The horses have been shipped to a cavalry troop at Carlsbad, N. M. The local organizations will be companies A and B of the 18th infantry of the new National Guard. The number will be the same as that of Arizona's regiment in the late war.

COMPANY AT TUCSON. At Tucson a provisional company of the new regiment is commanded by Lt. Col. Francis. Most of the members are English-speaking residents, with a large percentage of service men.

Fifty men have signed for company, and probably, methods of financing will be taken by Capt. Arthur Phelps, military instructor of the Glendale High School. Willing and organizing company.

Col. John Boniface, senior instructor of the Arizona National Guard, has had his field of inspection extended to cover also Colorado and New Mexico. It is probable his station will be changed to Denver.

L. M. McKinley, a former captain in active service and a reserve major, has accepted appointment as major in the inspection general's department of the National Guard of Arizona.

GOES TO ATLANTA. Dwight B. Heard, former president of the National Live-stock

Growers' Association, is on his way to Atlanta, Ga., to represent especially the cotton growers' association of Arizona at the meeting of the Southern States Tariff Association. He has been given large powers, but has instructed to urge imposition of a tariff duty on long-staple cotton importation.

While this is directed particularly at Egypt, there also is consideration of Mexican possible competitor in the future, with labor and land costs. Active support is expected from the southern seaboard States.

FIGURES DISPUTED.

Accuracy of the census agricultural figures has been disputed by the Salt River Valley Water Users' Association, which has counted 3651 farms under the Roosevelt irrigation project, this representing only about 10 per cent of the total in the county. Yet the census has found only 2746 farms in the entire county. So a special census field agent is here from Washington, checking up the figures.

BRITIS TO REQUEST
EXTENSION OF LOAN.WANT TO PAY OBLIGATIONS TO
AMERICA IN 1926 AND
1947, IT IS SAID.BISHOP'S PETITION
REFUSED BY COURT.ACTION IN MANDAMUS AGAINST
STATE OFFICERS IS
SET ASIDE.

BY A. P. NIGHT WIRE.]

CARSON CITY, Jan. 27.—The Nevada Supreme Court denied today the petition of Bishop George C. Hunting for a writ of mandamus to compel Secretary of State Brodigan to present to the Legislature initiative petitions for the enactment of a bill providing for interlocutory decrees of divorce a year after divorce trials.

The court upheld Brodigan's contention that the petition did not have the required number of signatures, according to the meaning of the Nevada constitution.

RENO, Jan. 17.—It is believed in this city that no vital change will be made in the Nevada divorce laws by the Legislature, which is in session. It is believed that the present six months' residence requirement will be retained, but that if an interlocutory decree is provided for, that will be left optional with the court.

There is strong probability, however, that the state law will be amended to prevent a divorce being obtained within a few weeks, as occurred in the Pickford case, in which the six months' residence requirement was held unconstitutional because the defendant was found in the county where the plaintiff resided at the time the action was filed.

BY A. P. NIGHT WIRE.]

WASHINGTON, Jan. 27.—Forest inventory and a census of timber requirements were urged today by E. S. Kellogg, forester, paper and Pulp Association, before the House committee considering the Shell bill for State and Federal co-operative forest protection.

Charles L. Pack, president of the American Forestry Association, said protective legislation was urgently needed.

SAY GANG LEADER
HAS BEEN CAPTURED.

BY A. P. DAY WIRE.]

CHICAGO, Jan. 27.—James Schupup is held by the police today on suspicion of being the leader of four men wanted for holding up postal employees and stealing twelve bags of valuable registered and regular mail they were unloading from a truck at the Union Station January 18.

His capture followed a spectacular escape last Friday night when he and the police after running in battle over-roofs and down fire escapes. Two pistols and thirty-six cartridges were taken from Schupup by the police say.

PENN ROAD FLOATS
LARGE BOND ISSUE.

BY A. P. NIGHT WIRE.]

NEW YORK, Jan. 27.—Purchase of \$60,000,000 of Pennsylvania Railroad Company fifteen-year 6½ per cent gold bonds was announced today by Kuhn, Loeb & Company. The company will offer the public at \$91-4 and accrued interest yielding about 6.58 per cent.

Associated with the company in the underwriting are various banks, banking houses and trust companies.

PHILADELPHIA, Jan. 27.—In confirming the sale of \$60,000,000 of Pennsylvania Railroad bonds to Kuhn, Loeb & Company, president of the company said tonight the proceeds of the issue would be issued largely for maturing obligations.

White Middies with blue serge detachable collars and cuffs or all-white middies are easily tubbed. At \$2.50 each.

FOURTH FLOOR.

For Boys

Fresh breezes blow away the haziness in the outdoor boy's brain and make him appreciate good values. It is good values that are now offered at Robinson's.

Boys' Two-Knicker Suits are strong, durable Suits of all wool, tailored to conform with Robinson's well-known specifications. They are shown in Norfolk and patch-pocket styles, in a variety of colors that boys like. The Knickers are fully lined and have tunnel loops and coin pockets. Sizes 7 to 18. Reduced to \$19.75.

Boys' Blue Serge Middies of all wool are in regulation middy style with sailor collar. Trousers are straight and lined throughout. Sizes 3 to 8 years. Reduced to \$9.75.

\$9.75
Other good values include:
Boys' Wash Suits, at
\$3.00
FOURTH FLOOR.**163 Silk
Petticoats
\$4.95**

163 Silk Petticoats of all taffeta and silk Jersey with satin or taffeta flounces are offered at an exceptionally low figure, \$4.95. The lot comprises:

55 Heavy All Taffeta Petticoats in fancy styles. Colors: Navy, black, gray, tan, Copen, dark brown, taupe and changeables.

56 Petticoats with Jersey tops and satin flounces, in plain tailored models. In black, navy, henna, purple, peacock, gray, rose, beige, emerald, plum, Copen and changeables.

52 Petticoats—with Jersey tops and taffeta flounces trimmed in various styles. In the same colors as the above.

Good quality—Robinson's quality—and beautiful styles are features of these Petticoats at \$4.95.

Fittings are given without charge.

FOURTH FLOOR.

**Gossard
Corsets
at 1/2 Off**

Gossard Corsets which are models that have only recently been discontinued, are now offered at half off. Regular prices range from \$12 to \$20.

The majority of these are of shell-pink brocaded silk. The sizes have become broken, but there is still a wide selection of attractive models.

Fittings are given without charge.

FOURTH FLOOR.

W. '21 Class Plan

The majority of the W. '21 graduates are planning to attend the University of Southern California. Many are planning to make Los Angeles their home for another six months, taking post graduate courses.

—Blue and White, L. A. H. S.

—Joke

In the A-1 they are learning to speak English. For instance, I haven't any pencil.

George: I ain't got no pencil.

Mrs. Bray: What, George?

George: I haven't got no pencil.

Mrs. Bray: Try again, George.

George: (in desperation) I ain't have no pencil.

—The Chirp, 24th St. Grammar School.

THE PACIFIC COAST BISCUIT CO.

Out of the West. Grew this Great Institution

There is something about pioneering that
makes men and peoples thrill with pride.
May we be excused therefore for taking
this space to acquaint the people of the West
with the growth of this institution and the
service it offers.

The Pacific Coast Biscuit Co. was founded
in 1899 and today is the third largest
institution of its kind in America, which in-
dicates that P. C. B. Biscuits have kept pace
with the march of civilization westward.

P. C. B. Biscuits, like many western food
products, have distinct natural advantages.
The flour we use is obtained from a chain of
mills, strategically located in the centers of
the wheat growing areas of the West.
Therefore, that prime necessity of uniform-
ly good baking—uniform flour—is assured.

Closely allied in geographical position are
the various baking plants, located in the
large centers of population, thus offering a
localized distributing service to both grocer
and consumer, that insures absolute fresh-
ness, and an extraordinary ability to sense
local needs and emergencies, and supply
them.

P. C. B. Biscuits and Cookie Cakes are uni-
formly richer; this may be the result of the
blending of the Western Wheat flour. It may
be due to the purity of the ingredients that
make P. C. B. products; or it may be due
to the superiority of manufacture, or a com-
bination of all of these. But whatever the
cause, you will notice this distinction in
quality.

The justly famous Snow Flake Sodas are a
spotless product of a spotless environment
—dainty, crisp. Taken from the oven de-
liciously fresh, packed in sanitary sealed
packages and the family tins, they are im-
mediately available for consumption, and
that's why they are so good. Snow Flakes
are our leader and we are proud of them.

Then of course there are the various other
biscuits and cookie cakes. P. C. B. Gra-
hams are particularly crisp and fine flavor-
ed. P. C. B. Fiestas—those dainty sugar
wafers to serve with ice cream or hot choco-
late. No home that enjoys the happy prattle
of ever-hungry children should be without
the little cardboard drum of P. C. B. Ginger
Snaps—a pure cookie cake that is
really good for them.

And so with all the P. C. B. products—
crackers, cookies, cakes, chocolate eclairs,
sugar wafers, English style biscuits, and that
infinite variety that simplifies housekeep-
ing to a mere matter of choosing—the choos-
ing of P. C. B. Snow Flakes for soups, oys-
ters and cheese—the choosing of a carefully
stocked pantry, with not only the everyday
cake demands, but with the P. C. B. "mak-
ings" for those special occasions—after the
theater, unexpected guests, teas, lunches,
and the happy happenings of the everyday
American life.

Memorize this end label—it appears on
every P. C. B. package, so you can
identify all P. C. B. products.

COULD HARDLY CLIMB STAIRS

Local Woman Was Dreadfully Weak and Rundown.

Entire System Strengthened by Tanlac.

"Everybody Should Know About It," She Says.

"I predict the world will do what Tanlac has done for me. It is certainly wonderful and everybody ought to know about it," said Miss Annie Stevens, 2511 Stamford avenue, Los Angeles.

The week before Christmas in 1919 I was taken down with flu, and for three weeks was a mighty sick woman, and when I got up I found that I had lost my strength. I was so weak that I could not go upstairs, and when I tried to do my work I could not sit up. I was so nervous I could not be easy in any position and I had absolutely no appetite at all and could not eat a bite, and suffered awfully from constipation.

"The medicine I was taking did me no good and so at the request of a friend I began to take Tanlac, and while on the third bottle I felt decided change. My appetite picked up and I ate heartily three meals a day, and I was as strong as I ever was and in fact I feel better now than I did even before I had the flu. My constipation was overcome, my housework, which was such a task, now is a real pleasure. I certainly recommend Tanlac for what it has done for me, as my whole system seems to be better than ever."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores, personal Tanlac may be had at their Fifth and Broadway Store afternoons. [Advertisement.]

Banish Catarrh

Breathe Hyosyl For Two Minutes and Stuffed Up Head Will Go

If you want to get safe relief from catarrh, cold in the head or from a stuffy nose, the head in the shortest time, breathe Hyosyl.

It will clear out your head in two minutes and allow you to breathe freely. It is a safe, non-narcotic, money refresher.

Hyosyl should and a cold in one day, and relieve you of disgusting snuffles, sneezing, spitting and offensive breath by the next.

Hyosyl is made chiefly from eucalyptus—a soothing, healing germ-killing antiseptic that comes from the 1700 trees of the island of Australia, where catarrh, asthma and other bronchial troubles are seldom known.

Hyosyl is a non-narcotic and safe to use. Just pour a few drops into the Nasal Rubber Inhaler. Use as directed and relief is almost certain.

A complete Hyosyl outfit, including inhaler, nasal rubber inhaler, etc., but little at The Owl Drug Co. and druggists everywhere.

MI-O-NA Ends Indigestion

It relieves stomach misery, sour stomach, belching and all stomach distress, heartburn, hiccups, etc.

It is a safe, non-narcotic, money refresher.

Hyosyl is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores, personal Tanlac may be had at their Fifth and Broadway Store afternoons. [Advertisement.]

house at 1242 Whittier street in his car, followed by his father in another machine, so the father declared. The note was there on their arrival.

FEARS FOR SAFETY.

Mr. Withersell expressed extreme anxiety for his wife's safety last night, and repeated that he firmly believes that she is held by kidnapers who are seeking ransom, and not for any other purpose. Both he and his father assert that they have no knowledge of any business enemy or other person harboring him a grudge.

Mr. Withersell senior, who was a prominent business man in Chicago before he came to California twelve years ago, declared that in that city which might be made his enemies, there was no one who had openly expressed enmity toward him. His son, he said, started in business in Los Angeles after he had spent two years in Stanford University, and had been pushing ahead without any great assistance from his father. He knew of nothing in his son's business that would account for such a revenge.

On the other hand, he said, his daughter-in-law had always been a homely-looking girl, having been born out of her sight for more than six hours during the past six months.

RADIOS.**VAUDEVILLE LURES.****STAGE AND SCREEN STARS ARE ATTRACTED BY TWO-A-DAY.****By Edwin Schallert.**

A hegira of stars seems to be headed toward vaudeville these days. Not without significance, either, is this in revealing conditions in the various branches of the players' craft. "Legit" actors are forsaking their favored medium for the two-a-day largely, it seems, because of high transportation costs, while the exodus from the films is on account of the lull in activities.

Furthermore, the entrance of such prominent producers as the Shuberts into vaudeville is followed by a string of the theaters from coast to coast, and the Loew and Fox enterprises are apprising the actor's chances in the varieties.

The most prominent stage actor to feel the call of vaudeville is John Drew. Drew is now out in a one-act playlet, booked here for Orpheum time. Other members of the Drew family have decided to turn from time to time, but John has been rather chary about allying himself with anything except the "legit."

Julian Eltinge is another stage star who has found opportunities better in vaudeville. He is also booked for an Orpheum tour. He has been in musical comedy and the films, and now, of course, vaudeville has returned to his original craft of entertaining in the variety.

The rumor is going about that Bill Desmond, and his wife, Mary McIvor, who have been appearing in Mervin's production of "Slippery McGee," are considering an Orpheum contract.

Among the film stars who have already accepted engagements are June Elvidge, Polly Moran and others. Annette Kellerman is now on tour after a trial of the films. Kathleen Clifford may also return to the stage.

Alan Brooks, Frances White, Franklin Ardell, Elizabeth Bricc and William Seabury are among the actors who have returned to the circuit.

From the Hawaiian Islands comes word that vaudeville is flourishing there. The news has just been received from the Shuberts that the two-time theatrical artists, who were anxious for details of possibilities for single acts and sketch teams in the islands, McCarthy expresses the opinion in his letter that opportunities are real opportunities in Honolulu.

The first leg of my trip to the Orient developed the fact that the former developed the fact that the former had accepted the two-alley for novelties: "he says, among other things, "and some of the old vaudeville sketches, now laid away in moth balls, would prove new and interesting to the soldiers and sailors who attend the performances in large numbers."

Mr. McCarthy is continuing his trip to the Orient.

Patches Well Played.

Little Freedy Eason, the kid star of Universal, has started work on a picture entitled "Patches." He is announced for the starring role. His father, Reeves Eason, is directing.

Reeves' papa asked his son recently:

"Where are the patches?" To which the youngster replied:

"On the bosom of my trousers."

More Fun Films.

A new comedy unit has been added at Universal, with Ward Haggard, Eddie, Billy Fletcher and Eric Groyer plays the leading feminine roles.

Pictures Attract Her.

Valentine Zimina, who is singing in "The High Cost of Living" at the Ambassador, is engaged in picture work upon her completion of the tour with the company. Miss Zimina, who is a Russian, acted in the films in the native country, playing in "The Devil's Garden," "The Devil's House" among other photoplays. She was also engaged in hospital work during the war.

Art Photo Model.

Rosemary Theby, appearing in "Kismet" and the "Yankee in King Arthur's Court," has been selected by the Photoplay Co. to be a professional and amateur photographer, to be the subject of a series of art photographs, which he is to make for the magazine "Photoplay" and "The Picture." The magazine "Photoplay" will be published next month in New York at a camera club exhibition.

Sink Sailing Vessel.

The sailing vessel, "The Sturdy," which has had a long career in Pacific Coast trading, was sunk off the Oregon coast for the Metro special, "Uncharted Seas."

The vessel describes a terrific fight among members of the crew of a ship engaged in Arctic exploration. A daring group of experts, composed of veterans, however, known as "Kid" Wager, the lightweight pugilist, took part in the scenes.

The "Uncharted Seas" company has now gone to Flamingo, Ariz. The cast for the picture is headed by Alice Lake.

In Hard-Boiled Role.

Thomas Meighan is going to be a hard-boiled hero, for a change, next week. In "The Frontiers of the Stars," which is to show at Grand's Theater, he is to play an East Side gang leader. However, he renounces his rough manners through his love for a little crippled girl, named Faire Bream.

The feature act on the same bill is titled "California Orange Week," one of the events being an actual packing contest on the stage.

Elsa Rueger Next Week.

Elsa Rueger, the cellist, is to return for her annual visit to the local Orpheum next week. She will be assisted by Valerie Rueger, pianist, and her conductor, Edmund Lichtenstein.

Fifth Ninth Fun Reel.

Running the gamut from a stage hold-up to hanging a Sheriff off the ninth floor, the "Fifth Ninth" is to be shown at the Hamilton-White studios for release through the Educational Film Corporation of New York, is nearing completion. The company works in the studio, which lately has been augmented by Lise Cromley, who costars with Jimmy Adams and Earl Montgomery.

Kaufman Returns.

Albert Kaufman, sponsor of "Al Kaufman's Production of 'Man, Woman, Marriage,'" has returned from New York, whither he went with Mr. Holubar to obtain the print for the spectacular feature. While in the East, he obtained the rights for some important stories

MISS :: PAPRIKA :: OF :: SATIRE.**"Alice in Blunderland" at the Orpheum.**

Adelaide Winthrop.

and novels to be made under Sidney Franklin's direction.

More Authors Sign.

The signing of contracts with Edward Shubert, Samuel Mervin and Harvey Higginson, whereby their names are added to the list of American and British authors and playwrights, who are writing and producing the products of pictures, has just been announced by Paramount.

Sheldan jumped into fame as a screen star in "Salvation" Neil, in which Mrs. Fisher starred for two full seasons. He subsequently wrote "The Nigger" and "The Bow" in which Ziegfeld produced "Egypt," "The High Road," "The Garden of Paradise" and "Romance" in which Doris Keane appeared both on the stage and on screen.

Samuel Mervin is a widely read fiction author. His first novel to attract attention were "The Short Link," "Calmette K." both written in collaboration with Harriet Kitchell Webster. Then followed, among others, "The Citadel," "The Charmed Life of Miss Austin," "Anthonio," "Love and Death" and "The Passionate Pilgrim."

Harvey J. O'Higgins, a native of London, Ont., has long been noted as an author and playwright. Among his successes are "The Grand Army Man," in which Belasco starred David Warfield.

In collaboration with Harriet Ford he has written a number of plays, including "Polygamy," "Mr. Lazarus," "The Argyle Case," "The Dummy" and "On the Hiring Line."

ARIZONA TO FETE

VITAGRAPH STAR.

Tomorrow is "William Duncan Day" in Arizona, proclaimed such by Gov. Thomas E. Campbell. The Vitagraph chapter king will leave tonight for Phoenix to spend the day with the people of the state in the European relief campaign in the State at the request of the executive.

All work will be suspended and thousands will crowd the capital to attend the state fair, bands, parades and other events will be rearranged, according to wires to Mr. Duncan.

Every theater in town will carry on its program a special show to attract the crowd at each house, in addition to making a public address at the city's auditorium.

Arizona claims Duncan as its own hero and has succeeded in his success by reason of the pictures done on location in that State. During those early days he formed a special friendship with Thomas E. Campbell, a native of the state.

Now that same friend is Governor of the State and when he needed help to put his section over the top he turned to him for the relief of the starving children of Europe. Duncan went to Phoenix.

Accompanying him to the Arizona capital will be Edith Johnson, his co-star, and the Vitagraph players and camera staff. Bradley, Vitagraph's publicity director of Vitagraph, will go with them to represent the company.

HOLDS FIRST REHEARSAL.

Putting out the exits to even the heads of the Gore Bros. and Sol Lesser organization, S. Barret McCormick, managing director of the Ambassador, has arranged for the first rehearsal behind closed doors last night. No one was admitted excepting the musical director and the principals engaged for the impersonation prelude to precede the opening of the sensational picture, "Passion."

The rehearsal started at the early morning hours. The various dancers made first-hand acquaintance with the dimensions of the Ambassador Theater stage, which is unusually spacious, compared with the seating capacity of the theater.

AL CHRISTIE TO TOUR.

Al Christie, comedy film producer, who hasn't budged from Los Angeles for more than four years, will leave the end of this week for a tour which will include a stop in New York about a week or ten days later. Mr. Christie intends making a few stops in the South, at New Orleans and Atlanta, and in two other cities, visiting friends before joining his brother, C. H. Christie, who is now in the East. On his return he will stop at his old home in Los Angeles, Calif., for the first time in seven years.

PIZTER FIRST FUN REEL.

Running the gamut from a stage hold-up to hanging a Sheriff off the ninth floor, the "Fifth Ninth" is to be shown at the Hamilton-White studios for release through the Educational Film Corporation of New York, is nearing completion. The company works in the studio, which lately has been augmented by Lise Cromley, who costars with Jimmy Adams and Earl Montgomery.

Kaufman Returns.

Albert Kaufman, sponsor of "Al Kaufman's Production of 'Man, Woman, Marriage,'" has returned from New York, whither he went with Mr. Holubar to obtain the print for the spectacular feature. While in the East, he obtained the rights for some important stories

greatest picture, give Jackie large-sized gobs of praise.

It hasn't turned little Master Coogan's head a bit, however.

He's making "Peek's Bad Boy," and in scenes in rehearsing for the natural boy mischief possible.

Yesterday Bill Hart put him through his paces on his new pony, Coogan's being with Bill Hart or riding the star's pony is enough to make any other little boy go and beat his own brains out from envy.

Butt with Mantel.

The country is not going to suffer for Shakespearean production if that eminent actor, Lowell, who has nothing to say about it.

Mr. Butt, it seems, is about to return to the speaking stage, whence he came, as one of the leading actors in support of Robert Mantel.

Ford Sterling to Travel.

Just because he can make funny faces is no sign that Ford Sterling has not an artist's soul. Mr. Sterling, as is well known, is much interested in the art of photography, and having photographed all the beauties of Hollywood, including Rosemary, he is now planning a European trip, where he may find a wider scope for the exercise of his talent.

Emily Ann Wellman's Play.

It looks as though the art of stage production was to be revolutionized. A new wife, will be that of Emily Wellman, who is to be the star of the new production.

Miss Wellman has been making a sensational hit on the Orpheum circuit with her production, "The Actor's Wife," which she originated, directed, acted in, lighted and costumed all herself. And now she has a play staged in three acts and fifteen scenes done in the same novel fashion.

The Actor's Wife" is to be presented at the Orpheum, with the stars of the production, including Mervin, who has been making a success of it.

DAILY TRADE TALK.

Oil at Home and Abroad; Some Current Financing; Globe Appraisal.

BY CHAPIN HALL

Something definite is expected to come out of the Huntington Beach oil field during the course of the next few days for the new well of the Republic Petroleum Corporation is almost in the oil sand, which are supposed to be around 2900 feet.

There is no abatement of interest in this field and drilling to tap the reservoir believed to underlie this district is the pressing and immediate business of a large number of operators.

The Republic's well is located 600 feet from the Standard B-1 that came in on Sunday with 1500 barrels. The Standard well is somewhat higher, but geologists are said to have declared the Republic's position to be better.

Should the Republic come in, it will prove that the area of the sand basin is much wider than has been previously believed. The running of the Surf well to the Bolas Chica, both producing wells are three miles, and the Standard B-1 is within 100 feet of this line to the west, while the Republic is 700 feet.

The Standard A, which is a producing well, is about 1000 feet to the west of the Surf well, with the width of the same strata 1400 feet, and the belief exists that it is 5000 or 6000 feet wide.

With three wells producing, six completed in number beyond the 2000 mark and forty-five derricks in the field, the general situation is one that will soon develop the extent of the sand basin. All the wells of the Huntington Beach district began and in that time the drillers have been busy testing out the entire situation.

It is believed that the Republic will cement its well in the course of the coming week, all of which is dependent on the capture of the anticipated oil revenue by the operators of the sand body. So far, the geologists have very clearly defined the oil possibilities of Huntington field and there seems to be the ultimate possibility of a field of oil well so far drilled. Up to date Huntington Beach has not a dry well.

ARCTIC OIL.

The possibility of developing a great oil field set amidst the flashing lights of the Aurora Borealis is a fascinating dream to many people, but one which has not yet passed the phantom stage with oil men. Aronson & Co., a Los Angeles investment house, is in receipt of information that the Standard Oil Company, a subsidiary to the Standard Oil of New Jersey, which brought in a gusher well at Fort Norman, Northwest Territories, Canada, a week ago, is not working on eight other wells and plans other development in various parts of the Dominion. The initial well is on the MacKenzie River, near the Arctic Circle and it is the first prospects for developing a substantial oil supply in the Far North are regarded very favorably, although large expenditures will be involved.

GLOBE APPRAISAL.

Following an announcement made several days ago, at the time of the entry of the stock of the Globe and Milling Company, a complete reappraisal of the property is to be undertaken immediately, as a result of which stockholders and others interested in the industrial concern, will be given an accurate and current statement of actual conditions.

It is understood that the appraisal will not affect the regular quarterly dividend of 3 cents per share, payable in March.

It is the expectation of friends of the company that the appraisal will show a considerable increase in value and that it is in a good technical position to meet the gradually improving conditions.

It is understood that the preferred stock of \$2 per share, offered February 15 to stockholders of record at the close of business January 31.

DIVIDENDS.

A special dividend of 2 cents per share has been declared by the board of directors of the Lake View No. 2 Oil Company, payable February 15 to close of business January 31. It is announced that the regular dividend will not affect the regular quarterly dividend of 3 cents per share, payable in March.

It is the expectation of friends of the company that the appraisal will show a considerable increase in value and that it is in a good technical position to meet the gradually improving conditions.

It is understood that the preferred stock of \$2 per share, offered February 15 to stockholders of record at the close of business January 31.

COTTON.

There is a significance in the fact that long staple cotton is being acquired in quantity by Los Angeles and Arizona investors and shipped to this city for storage. One of these firms, which is engaged in the business, unthinkably, that the commodity could go much lower, and, he added, "I think it is at the present price for the last lead and that it is not far from it." With resumption of production both in the cotton mills and textile factories an early probability, many think that the turn has already occurred.

GOODYEAR.

News from the East where refinancing arrangements for the Goodyear Tire and Rubber Company has been completed for some time continues to be very encouraging, and the prospects are good for completing the permanent financing plan, although some of the merchandise, it is said, is to be sold to another tractable.

In other news, the National Pacific continued the new stock offerings early in the week, and sold up to 15 1/2 cents. Republic Petroleum averaged around 17 cents. Union Oil of California, 16 1/2 cents. Dewey Union Oil, 15 1/2 cents. Lake View No. 2, 15 cents. The 10 points higher. Los Angeles Investment was comparatively quiet at 83 cents, the closing price of 82 cents. The 10 points higher. Tellefson rose to 87 cents and Goodyear preferred registered \$3.00 for a small block.

Opportunity Day

Hamburger's

ESTABLISHED 1881

Home 10063

PHONES

Bdwy. 1168

The first Opportunity Day in 1921 sets a pace in value-giving for all subsequent events for balance of the year. Every department comes forward with feature prices—taking even greater reductions for this one day, bringing January Clearance prices to a still lower level.

Look for the Opportunity Day Signs in Every Department

Axminster Rugs, 4.75
 Great beauty and in really fine quality for so low a price. Rugs in this group priced as high as \$50 are reduced to the Opportunity Day level—4.75. Size 27x54.
 4.6x7.6 Grass Rugs, formerly 12.50, sale priced 7.75.
 27x54 Ray Rugs, formerly 4.50, sale priced 2.25.
 (Hamburger's—Third Floor—Today)

Imported Tapestry, 1/2 Less
 Handsome pieces, in lengths 3 to 6 yards, suitable for upholstering. A rare opportunity to save—for original prices were \$20, \$50 to \$50, and the saving of 25 per cent on these amounts may be effected on Opportunity Day.

Bordered Marquise, formerly 50c to 65c, special 30c.

Imported Curtains, 2 1/2 yds. long, special 4.75 pair.

26-in. Terry Cloth, formerly 1.65, special 75c.

26-in. Printed Marquise, formerly 75c, sale priced 37c.

Oil Opague Window Shades, small sizes, special 50c.

(Hamburger's—Third Floor—Today)

"As Is" Clearance of China and Glassware
 3c, 5c, 8c, 10c, 15c, 25c, 35c, 50c and up.

Thousands of people always look forward to these events, offering fine pieces of china and glassware with slight imperfections or odd lots at such tremendously lowered prices.

Jardinières, brie-bris, and table pieces—in the above price groups for convenience.

No C. O. D.'s—No Exchanges and No Deliveries.

(Hamburger's—Fourth Floor—Today)

Women's Smart Springtime Models
Trimmed Hats 10.00

A wonderful opportunity to get a new, right-up-to-the-minute spring hat for this small price. Choose from satin, cire, cellophane and faille, dress and tailored models both for the matron and the younger woman. Models that reflect the very latest modes as well as that note of distinction for which Hamburger hats are famous.

(Hamburger's—Second Floor—Today)

Men's Raincoats, 19.50

The genuine English-made gabardine coats in sizes 36 to 42. These were formerly 35.00.

Men's Leather Reversible Coats, 29.50, 39.50, 49.50
